14th International Conference On Knowledge Management In Organisations

2019 KMO
KNOWLEDGE MANAGEMENT IN ORGANIZATIONS

Theme: The synergistic role of knowledge management in organisations

University of Salamanca | Zamora (Spain) | July 15-18, 2019

SCOPE

Knowledge has been identified as a key organizational resource for generating competitive advantage over other firms. It isthe transformative catalyst that will get us into the knowledge age. The world is undergoing constant technological and knowledge revolutions. Technologies such as big data, Internet of Thing (IOT), Artificial intelligence (AI) and Blockchain are increasingly transforming the way we live and work.

To effectively manage knowledge in organisations; there are many challenges that need to be addressed.

KMO 2019 conference aims to bring together leading academic researchers and research scholars to exchange and share their experiences and research from all aspects of Knowledge Management challenges. It also provides an interdisciplinary platform for researchers, practitioners and educators to present and discuss their most recent work, trends, innovation and concerns as well as practical challenges encountered and solutions adopted in the fields of Knowledge Management in Organisations.

The conference welcomes contributions from researchers and scholars to contribute to original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Knowledge Management in organisations at the conference. The conference solicits contributions of full papers that address themes and topics of the conference. We are also interested in case studies that demonstrate how KM research strategies have been applied and the lessons learned. Case studies and work-in-progress/posters are welcomed. PhD Research, proposals for roundtable discussions, non-academic contributions and product demonstrations based on the main themes are also invited.

SUBMISSION

Instructions for Authors:
Papers reporting original and unpublished research results pertaining to the above topics are solicited (Proceedings will be published by Springer CCIS series). Full paper manuscripts must be in English with a maximum length of 12 pages (using the Springer template). All papers are blind reviewed.

Review Process:
KMO 2019 welcomes the submission of papers with reference to the topics listed in the call for papers. All submitted papers will undergo a thorough review process; each paper will be refereed by at least three experts in the field, based on relevance, originality, significance, quality and clarity.

Publication:
Accepted papers will be included in KMO 2019 Proceedings. At least one of the authors will be required to register and attend the symposium to present the paper in order to include the paper in the conference proceedings. All accepted papers will be published by Springer Verlag (LECTURE NOTES in Communications in Computer and Information Science (CCIS).

Springer

CCIS

SPECIAL ISSUE

Authors of selected papers will be invited to extend and revise their papers to be submitted to a special issue of International Journal of Web Engineering and Technology (IJWET) published by Inderscience.

CALL FOR PAPERS

KMO 2019 aims to encourage research into the various aspects of knowledge management to address many of the challenges facing organisations. The intent is to create a better understanding of knowledge management practices, research and practical applications. We solicit papers from a broad set of research topics including, but not limited to, the following:

- Knowledge management in general.
- Social and Organisational aspects.
- Innovation, Evaluation and Services.
- Big Data and Cloud Computing.
- Internet of Things.
